Springfield, VA 22152

Dear Mr. Ingalsbe:

**Lt. Colonel  
Suzanne G. Devlin**  
*Deputy Chief of Police  
for Investigations/  
Operations Support*

White-tailed deer are one of our most common, and graceful, species. A loss of natural predators, increased habitat modification and supplementary food sources have resulted in an abundant deer population. As the Fairfax County Wildlife Biologist, it is my responsibility to implement a deer management program each year.

**Lt. Colonel  
Charles K. Peters**  
*Deputy Chief of Police  
for Patrol*

In an effort to develop the most effective and comprehensive deer management plan, your help is needed.

**Lt. Colonel  
Stephen L. Sellers**  
*Deputy Chief of  
Police for  
Administration*

A Deer Management Survey has been designed to collect information from residents throughout the County. Survey results will be used to help develop a program that is better suited to your community's needs. The information that is provided is confidential.
